

## VT 229 - Sophomore Clinical Externship

### Financial Aid Impact

MANOR COLLEGE  
700 FOX CHASE ROAD  
JENKINTOWN, PENNSYLVANIA 19046  
(215) 885-2360

### How is Financial Aid effected when you take your Externship?

#### SUMMER

#### VS

#### FALL

Most students do not have much financial aid eligibility left because summer is considered a "trailer" semester.

Student has a full semester's worth of financial aid eligibility. Fall begins a new financial aid "award year".

If you are planning to transfer to another college you must complete VT229 in the summer. However, you will need to pay for this yourself so that you can be eligible for financial aid in the Fall.

You can begin your externship in the summer but you must register for it as a fall course. This way, we will process financial aid for the Fall semester.

Externships are worth 12 credits. Therefore, you will be charged a full semester of tuition.

Externships are worth 12 credits. Therefore, you will be charged a regular full-time tuition.

*Please think about when you would like to take your externship. Talk with Dr. Bassert and try to make a decision that works best for you and your future plans. If you are planning on going to another school in the Fall, you **MUST** take the externship in the Summer. Please go to the Financial Aid office or call (215) 884-6051 if you have any questions.*
